NEW PHOTOPLAY

KALEM LUBIN ESSANAY

THE MESSAGE OF THE PALMS—Kalem
His daughter left him when he was able to care for himself, but now he is old and feeble, so his negro servant writes on a palm a message to her and she receives the same while in church on Palm Sunday and returns to her father and cares for him.

THE GUM MAN—Essanay Comedy
He is a salesman for chewing gum. They fall in love, the hotel proprietor's daughter and he. The old man objects, (AGUSTINE CARNEY), so they plaster him up with gum and leave.

THE SUPREME SACRIFICE—Lubin
A beautiful story of sister love. She sacrifices her love for her sister.

BIG SPECIAL--

The well known

Armour's Sylvan Soap

3 Cakes for 19 Cents.

You have all used it and know it's quality.

Usual price 15 cents Cake

People's Drug Store.

There Are

many convincing arguments that might be presented as to superiority of LIPPY CLOTHES, but we know none so conclusive as the refined appearance of the clothes themselves. There is beauty in every line and quality in every stitch and fibre.

J. D. LIPPY, TAILOR.

Special For This Week

GALVANIZED PAILS—
We have a few of the 10-quart galvanized pails left, to go at 13c each, or two for 25c.

We give **2x** Green Trading Stamps. Wednesday, May 28th is Red Letter Day. \$1.00 worth of free stamps given to anyone for the asking. Help to fill your book and get a nice premium free.

Gettysburg Department Store.

What Do You Think of Dr. Hudson's Liquid Conditioner by this time? You can't beat it for Results. Look at the amount that's sold. Three Bottles for \$1.00 at my office every day. Think this over.

BIG CAVALRY CAMP COMING

Two Thousand Cavalrymen will be Encamped at Gettysburg during the Months of July and August. Another Big Surprise.

A complete brigade of cavalry is to spend July and August at Gettysburg, trying out various proposed changes in organization and training of cavalry under the eyes of a special board of officers. The officers made an exhaustive study of the subject in Europe last winter.

The troops assembled will be composed of the Tenth Cavalry from Fort Ethan Allen, Vermont, the Eleventh Cavalry from Fort Oglethorpe, Georgia, and the first and third squadrons of the 15th Cavalry from Forts Meyer and Sheridan. A battery of the Sixth Field Artillery from Fort Riley, Kansas, and some machine gun platoons also probably will participate. The Tenth Cavalry is an organization of colored troops.

This is another entirely unexpected move by the War Department at Washington and the dispatch from that city containing information of the proposed camp was the first news received here either by citizens or the officers detailed here in connection with arrangements for the veterans' big camp.

In addition to this brigade a small body of cavalry will likely be on duty here at the time of the celebration to assist the infantry in guarding the camp and the supplies. It is considered possible that a portion of the big camp will be used by the brigade to be here for the months of July and August. The bodies of troops designated for this new cavalry camp will aggregate about 2000 men.

Preparations are going straight ahead for the big camp of college and university students at Gettysburg during the months of July and August. With these two camps in operation all during the summer Gettysburg has a prospect of busy times ahead.

BRIEF ITEMS

Rev. William O. Cooper, pastor of St. Paul's A. M. E. Zion church has been returned by his conference for the third year.

Mr. and Mrs. Frank Wetzel, of Carlisle street, visited Mrs. Wetzel's sister, Mrs. Charles Musselman, at Cashtown on Sunday.

William T. Ziegler was a business visitor in Washington to-day.

Miss Christine Huff, of York, who has been spending some time with friends in this place, is now visiting friends in Harrisburg.

Bishop Albert Hollinger and Mrs. Hollinger left this afternoon for Winona Lake, Indiana, to attend the annual conference of the Church of the Brethren.

Miss Booth, of Pittsburgh, is a guest at the home of Mr. and Mrs. S. Neely, on Lincoln avenue.

Mr. and Mrs. J. O. G. Weaver, of Stevens street, have returned home from a trip of several days to Baltimore.

Miss Nolley has returned to her home in Baltimore after a visit of several days at the home of Mr. and Mrs. H. T. Weaver on Baltimore street.

Ben W. Raleigh, former city editor of the Philadelphia "Press" and now with the "Public Ledger" was a visitor in Gettysburg the past few days.

There will be a meeting of the Alumni Dinner Association in Brua Chapel on Wednesday afternoon at 3 o'clock.

Mrs. Frank R. Peckman entertained a number of friends at her home on Broadway this afternoon.

John F. Walter has leased his theatre for the last week in June and the first week in July to the Continental Film Company, of Philadelphia.

The Quaker City Association of Railway Men will give its annual outing, a trip to Gettysburg, on June 14 and 15.

COUNTY SERVICES

Memorial and Decoration Services in the County.

The G. A. R. Post of Fairfield will decorate the graves of their dead comrades at Marsh Creek Presbyterian Cemetery on Saturday afternoon May 31st at 2:30 o'clock. A general invitation is extended.

James Dixon Post G. A. R., of Fairfield, will hold memorial services at Fountaindale on Sunday afternoon at 2:30 o'clock. Rev. M. L. Firor, a former resident of Fairfield, who is now pastor of the Sabillasville, Md., Reformed church, will make an address. All invited.

BELL phone installed. We have installed this phone for the convenience of our customers and friends who use same. Adams County Hardware Company.—advertisement. 1

J. FRANK LEREW TAKES HIS LIFE

Former Resident of Bermudian, this County, Cuts his Throat. Found by Detective who Held Warrant for his Arrest.

J. Frank Lerew, aged forty-five years, a former resident of Bermudian, this county, was found dead with his throat cut and a razor by his side in his home, at Harrisburg, Monday, by a detective who was hunting him with a warrant.

Lerew had been threatening for several weeks to kill himself, and Monday morning he threatened to murder his wife and two daughters. He went upstairs to get the razor and his wife and daughters, running out of the house, sought police headquarters. When the detective, who was assigned to the case, broke into the kitchen of the Lerew home, he discovered Lerew's dead body lying in a pool of blood, with his throat cut from ear to ear.

Lerew, who, it is believed, was depressed, had been drinking to excess for a considerable length of time, and it is stated that he had some financial trouble. In Harrisburg he had been engaged in real estate operations.

It is stated he became abusive to his family as they were arising from the breakfast table at their home at 9 a. m. He said to his wife and daughters, thirteen and seventeen years old, "I'm going to kill you with a razor; wait till I go upstairs and get it." The women fled from the kitchen and Lerew, after getting the razor, locked himself in the room.

J. Frank Lerew was born near Bermudian and was widely known in that section. For a period of ten years he conducted a general store at Bermudian. Five years ago he removed with his family to Harrisburg. His father and mother, Mr. and Mrs. Solomon Lerew, who survive him, also removed from there at the same time. The suicide owned several farms in Washington township, York County.

Besides his parents, he is survived by two sisters, Minnie, who lives with her parents, and Allen, the wife of the Rev. Mr. Shellenberger, Harrisburg, who formerly was pastor of the Reformed church at Bermudian, also by a brother, Harper Lerew, in the West.

SICKLES NOT SCARED

With His House Ablaze, War Veteran Stays in Bed.

Awakened rudely by the club of a policeman knocking on his bedroom door with his nightstick and then entering to announce that the puffs of smoke drifting into the apartment meant a fire in the basement, General Daniel E. Sickles, ninety years old, the one legged, battle scarred veteran of the Civil War, gave an exhibition of nerve early Monday which would have done credit to a man of one quarter his years.

"When I see flames," he cried out crustily, "I will get up!"

The fire was confined to the basement and was extinguished with slight pecuniary damage; but a fireman and a policeman were overcome by smoke, and three families living in the upper stories of the general's mansion, at No. 23 Fifth avenue, whom the pressure of his involved financial affairs has forced the warrior to harbor, had a great fright.

AUTO RUN HERE

Chambersburg Boosters Here. Another Run on Thursday.

The Chambersburg boosters' automobile run to Washington passed through town this morning but failed to receive much attention here.

The automobile club of Delaware county will come to Gettysburg Thursday on its way to Staunton, Virginia. The club will leave the vicinity of Philadelphia the morning of May 29 and spend that night in Gettysburg. A large number of machines will be in the run.

UNCLAIMED LETTERS

Mail Awaiting Call at the Gettysburg Post Office.

The following letters remain unclaimed at the Gettysburg Post Office Tuesday, May 27.

Mrs. Margaret Bingham, Calvin B. Dearborn, Mrs. Minter, Mr. Charles Myers, Mr. George A. Rupley, Mr. Edgar Yeager.

Parties calling for the above will please state that it was advertised.

C. Wm. Beales, Postmaster.

VETERANS MAKING BIG FINAL RUSH

Seventy Five Hundred More Pennsylvania Civil War Veterans Ask for Free Transportation to Gettysburg. Expect Many More.

Pennsylvania's old soldiers are now coming in on the double-quick to get their free transportation to Gettysburg in July so that, while it was announced last Thursday that only 5000 had made such application, it was reported on Monday at the offices of the Battle Anniversary Commission in Harrisburg that the number had been increased in those few days to 12,500.

At the time of the recent meeting in Gettysburg, of the commission and states' representatives, Pennsylvania reported that from this state 15,000 veterans would probably be in the big camp. This was placed as the outside limit as were the estimates from all the other states so that there could be no shortage of accommodations at the last minute. The total reached 45,685.

It was very apparent that the original estimates had dropped by the thousands. New York some months ago announced that it would send 20,000 old soldiers to Gettysburg. On May 16 this estimate was cut exactly in half and General Horatio C. King said that the number might even go a thousand or more below that. When it was announced last week that only one-third of the 15,000 Pennsylvania soldiers had applied for free tickets it was feared that this state would have equal losses but now the tide has turned the other way.

Every day the applications are received by the hundreds and indications now point to many more than the 15,000 veterans from this state coming for the celebration. As in every other affair of the sort, people are putting off until the last minute a matter that could have been attended to weeks ago and, as this is the last week when applications will be considered, all are making the eleventh hour rush.

Other states, it is said, are having the same experience and the losses by death and sickness from the ranks of those who intended to come here in July will be more than made up, it is believed, by those, who formerly did not intend to be here, deciding at the last minute to come.

KILLING FISH

Heavy Rains Washing Tarvia into Rock Creek with Bad Result.

Many fish have been killed in Rock Creek the past week by the surface gas tar which has been washed from the streets into that stream. The heavy rains have taken off much of the tarvia which had not been taken up by the road or the sand covering. Many dead fish may be seen floating on the surface of the water and anglers report that much damage has resulted to the fishing along Rock Creek. It will be recalled that some years ago a similar condition resulted when gas tar from the local gas plant polluted the stream but there has been no trouble from that source for some time.

BATTLEFIELD BOOKLET

Pennsylvania Railroad Publishes Beautiful Descriptive Book.

The semi-centennial of Gettysburg's great three-day fight is made the occasion by the Pennsylvania Railroad to issue a 65-page illustrated book, invaluable to all interested in the coming celebration or the battle itself. The pictures are fine, the text equally good and the maps add all that could be desired in a booklet of this character. The battle is described and the present-day condition of the field is taken up as a visitor now finds it. The little publication is of pocket size and intended for general distribution.

FACTORY FOR HANOVER

Large Silk Mill Promised for Hanover this Fall.

The report has been confirmed at the offices of E. & H. Levy, manufacturer of ribbons, that the firm will shortly purchase a site in Hanover, for the erection of a new mill. The building will cover a ground space 120 by 360 feet and will be four stories high. About 120 looms will be installed and 250 operatives employed. It is expected that the mill will be ready for occupancy September 1.

NEW BUILDING ASSOCIATION

Plan New Organization to Build Houses with Purpose of Relieving Shortage and Securing Another Industry for Town.

In order to do away with the present shortage in houses which is likely to continue indefinitely unless some steps are taken to meet the condition, a movement is now on foot to create a new building and loan association which shall have for its purpose the erection of a large number of houses.

The proposition is to organize a workman's building and loan association in which as many workingmen of the town become stockholders as can possibly do so. The work of this association is to be, as its name implies, first a "building" association, that is, one that builds houses for sale or rent to its members, as well as loans money for the purchase of houses. There are already two building and loan associations in Gettysburg but as they do not build houses and merely do a loan business, this new association would not to any great extent occupy the same field with them.

The idea of the association would be as far as possible to erect houses in rows of ten or twenty or thirty to suit the demand, and thus be able to sell them to members at less price per house than could be done if built singly; also to rent those not sold, at reasonable rents to members.

It would not be the idea to restrict the membership of this association to workingmen, but rather to interest in addition to these all persons having the means to carry some of the stock either as a saving or as an investment.

In addition to the demand for houses by men employed in the local furniture factories and unable to get homes, there is also the necessity for a large number of new residences being built if another industry, in prospect, is to be secured for Gettysburg. Several months ago note was made in The Times that this new plant could be gotten here if there were sufficient homes to house its employees but, up to the present time, nothing definite has been done to meet this need.

HEARINGS

Creating a Disturbance and Other Charges Heard by Squire.

Mrs. Clyde Easley was given a hearing Monday afternoon by Squire Barnish on a charge of creating a disturbance Sunday morning about 1:40 at her home, corner of Weed and Hogan's alleys. The information was laid by Officer Emmons. A fine and costs amounting to \$6.15 were imposed.

Monday evening Nellie Cross, colored, was given a hearing before Squire Barnish and held for Court on a charge of keeping a house of ill-repute. She gave \$250 bail for her appearance at Court. Dovie Palm, connected in the case, was unable to furnish bail and went to jail. The house was raided late Sunday night by Officers Emmons and Van Dyke and Sheriff Thompson. Among the witnesses were Herbert Green, Preston Harrigan, John Lane and Yorthy Bivans.

COMING EVENTS

Happenings Scheduled in Gettysburg for the Coming Weeks.

May 29—Grammar School Commencement. Meade Building.
May 29—High School Commencement. Brua Chapel.

CAMP MEALS ARE PLANNED

What the Old Soldiers who Go into Camp here in July will have for their Meals. Variety Furnished by the War Department.

Major William R. Grove announces the menu for the various meals to be served at the veterans' camp here from June 29 to July 6 inclusive.

Supper, June 29. Estimated number of guests, 5,000. Beefsteak, fried onions, sliced tomatoes, fresh bread, butter, coffee. The number at this meal being very uncertain, the menu is intended to cover short-order service, and supper will be served at a small number of kitchens at convenient parts of the camp.

Breakfast, June 30. Estimated number of guests, 5,000. Oat meal and milk, fried ham, boiled potatoes (peeled), fresh bread, butter, coffee. The number at this meal being very uncertain, the menu is intended to cover short-order service and the meal will be served at a small number of kitchens at convenient parts of the camp.

Dinner, June 30. Estimated number of guests, 7,500. Roast beef, gravy, mashed potatoes, peas, tapioca pudding, fresh bread, coffee, iced tea. For this meal the number of kitchens will probably be increased.

Supper, June 30. Estimated number of guests, 15,000. Baked pork and beans, cucumber pickles, fried potatoes, fresh bread. For this meal it is probable that all the kitchens will be used, so that they may be in good running order by noon next day, when practically all the veterans are due to arrive.

Breakfast, July 1. Estimated number of guests, 25,000. Stewed prunes, boiled rice and milk, fried liver and bacon, fresh bread, hard bread, butter.

Dinner, July 1. Estimated number of guests, 35,000. Roast beef, roast potatoes, mashed turnips, rice pudding, fresh bread, hard bread, butter, coffee, iced tea.

Supper, July 1. Estimated number of guests, 40,000. Boiled corned beef, baked sweet potatoes, sliced tomatoes, fresh bread, hard bread, butter.

Breakfast, July 2. Estimated number of guests, 40,000. Apple sauce, oat meal and milk, fried eggs, fried bacon, hashed browned potatoes, fresh bread, hard bread, butter, coffee.

Dinner, July 2. Estimated number of guests, 40,000. Roast mutton, boiled potatoes, beans (stringless), bread pudding, fresh bread, hard bread, butter, coffee, iced tea.

Supper, July 2. Estimated number of guests, 40,000. Ribs of beef, fried potatoes, peas, fresh bread, hard bread, butter, coffee.

Breakfast, July 3. Estimated number of guests, 40,000. Apricots stewed, beef and vegetable stew, fried mush, fresh bread, hard bread, butter, coffee.

Dinner, July 3. Estimated number of guests, 40,000. Beefsteak, boiled onions, baked sweet potatoes, apple pudding, fresh bread, hard bread, butter, coffee.

Supper, July 3. Estimated number of guests, 40,000. Baked pork and beans, cucumber pickles, rice fritters, fresh bread, hard bread, butter, coffee. Pork and beans will be served three times, but the first time will be at supper, June 30, when but a portion of the veterans will be present here, and the third time will be for dinner, July 5, when a majority will have departed. This is the only meal at which pork and beans are served when all the veterans will be present.

Breakfast, July 4. Estimated number of guests, 40,000. Puffed rice, fried eggs, fried bacon, creamed potatoes, fresh bread, hard bread, butter, coffee.

Dinner, July 4. Estimated number of guests, 40,000. Chicken fricassee, peas, corn, ice cream, cakes, cigars, fresh bread, hard bread, butter, coffee, iced tea.

Supper, July 4. Estimated number of guests, 35,000. Salmon salad, macaroni and cheese, fresh bread, butter, coffee.

Breakfast, July 5. Estimated number of guests, 25,000. Stewed prunes, oatmeal and milk, beef hash, fresh bread, butter, coffee.

Dinner, July 5. Estimated number of guests, 20,000. Boiled pork and beans, apple sauce, fried potatoes, tapioca pudding, fresh bread, butter, coffee, iced tea.

Supper, July 5. Estimated number of guests, 10,000. Cold meats and bologna, sliced tomatoes, baked sweet potatoes, fresh bread, butter, coffee. After this meal an estimate will be made as to possible number for breakfast, and all kitchens not necessary to feed that number will be closed.

Breakfast, July 6. Estimated number of guests, 10,000. Cold meats and bologna, sliced tomatoes, baked sweet potatoes, fresh bread, butter, coffee. After this meal an estimate will be made as to possible number for breakfast, and all kitchens not necessary to feed that number will be closed.

Supper, July 6. Estimated number of guests, 10,000. Cold meats and bologna, sliced tomatoes, baked sweet potatoes, fresh bread, butter, coffee. After this meal an estimate will be made as to possible number for breakfast, and all kitchens not necessary to feed that number will be closed.

Supper, July 6. Estimated number of guests, 10,000. Cold meats and bologna, sliced tomatoes, baked sweet potatoes, fresh bread, butter, coffee. After this meal an estimate will be made as to possible number for breakfast, and all kitchens not necessary to feed that number will be closed.

PICKING JURY IN ROOSEVELT CASE

Six Are Chosen to Serve in Libel Suit.

COLONEL GETS AN OVATION

The Action Is Over an Article in the Iron Ore, Which Declared That Mr. Roosevelt "Gets Drunk."

Marquette, Mich., May 27.—"He, colonel, took this way just a second, will you?"
"What for? You've got a thousand of me now."

This is a bit of conversation that passed between Colonel Roosevelt and several camera men as the ex-president, leading his army of invasion into the city, stepped from the train into a crowd of several thousand people who had gathered for a glimpse of the man who has come for his trial of his libel suit for \$10,000 against Editor Newett, of the Iron Ore.

The case was called by Judge Flannigan. The colonel's entrance into the court room was the signal for much craning of necks and handclapping by every person, with the exception of just one, that person being Editor Newett, the defendant.

As Roosevelt passed Newett's seat the editor didn't turn to give the ex-president a friendly gaze. Colonel Roosevelt picked a seat on the spectators' bench and Newett sat at a table with his lawyers. Interest was displayed by Roosevelt as the roll of jurors was called.

The drawing of a jury may prove to be a hard task and may take several days. The men so far accepted were as follows: Joseph Robert, teamster; William Price, locomotive fireman; Thomas Howard, farmer; Prior S. A. Wany, land clerk; Herman Ellison, bottler of soft drinks; John A. Was, muth, brewer's agent.

When the jury is completed Colonel Roosevelt will be the first witness called. The article in the Iron Ore, which is the basis for the suit, will be offered in evidence, and then the colonel will take the stand to deny the truth of the statement that he "got drunk," contained therein.

The question of who will have the first inning in the testimony introduced in the case promises to start a warm legal battle the moment the jury is chosen. Both sides are anxious to get the last crack at the jury and are prepared to battle hard for the position of advantage.

Attorney James H. Pound, of Detroit, representing Colonel Roosevelt, will take the position that all that is necessary to prove the preliminary case against Newett is to introduce a copy of the libelous Iron Ore containing the offending article as evidence, and the nuke the statement of Colonel Roosevelt himself that the printed statement is totally untrue. If Mr. Pound has his way, when this much is done, it will be up to Newett to prove the charge he has made against Roosevelt, if he has the wit and nerve to do so, while the Roosevelt side withholds its hot shot in the shape of character testimony from some of the most famous men in the world, to be introduced in rebuttal.

On the other hand, Mr. Helden, counsel for Newett, will insist that the entire Roosevelt case be presented at the start.

YOUNG WIFE KILLS MAN

Forced His Way Into Her home and She Shoots Him.

Philadelphia, May 27.—Defendant, herself against the insults of Andre Boschetti, who had entered her bedroom, after forcing his way into her home, where she was alone, Mrs. Irene Gasparo, a young married woman, of 4951 Stiles street, shot the man twice and killed him instantly.

After she had shot down her assailant, Mrs. Gasparo, dressed only in a night gown, ran into Stiles street. "I have killed a man," she screamed. A policeman was summoned, and after Mrs. Gasparo had dressed she was taken to the police station. In the meantime the body of Boschetti had been taken to the morgue.

When Mrs. Gasparo faced Magistrate Gorman it was learned that another child was soon expected in the Gasparo family. It was thought best to send her directly to the Philadelphia hospital. She will be given a hearing several weeks hence.

Report Gempers Has Suffered Relapse.

Washington, May 27.—News was received here that Samuel Gempers, president of the American Federation of Labor, who has been ill with mastoiditis at Atlantic City, had suffered a relapse. Members of the family and the family physician arranged to leave for Atlantic City.

Robs Bank With Bent Wire.

Toledo, O., May 27.—With a bent umbrella rib, a man giving his name as James Evans, of Chicago, robbed the Northern National bank of two rolls of bills, each containing \$500. The money was abstracted from the teller's window. He was captured.

Pass Wilson's Jury Reform Bill.

Trenton, N. J., May 27.—Pro-ident Wilson's compromise jury reform bill was passed by the senate. It was supported by the eleven Democratic members, a bare majority of the senate, and was opposed by the nine Republican members.

Woman Swallows False Teeth.

Harrisburg, Pa., May 27.—Mrs. Margaret Hoch, of this city, swallowed her false teeth while eating taffy and was hurried to the Harrisburg hospital in a serious condition. An X-ray examination is being made to determine what must be done to save her life.

General James H. Baker Dead.

Mankato, Minn., May 27.—General James H. Baker died at his home here at the age of eighty-four years. He was colonel of the Tenth Minnesota volunteers in the Civil War.

Michigan Editor Sued For Libel of Colonel Roosevelt.

CUT RATES UPHELD BY SUPREME COURT

Patentees Not Given Right by Law to Keep Up Prices.

Washington, May 27.—Patented articles sold under price restrictions by manufacturers may be resold by retailers at cut rates.

The supreme court so held in the case of a newly-patented nerve tonic. Safety razors, talking machines and thousands of other patented articles are affected by the decision.

The court's decision was five to four, with Justices McKenna, Holmes, Lurton and VanDevanter dissenting. Justice Day announced the majority decision, which held that while the patent law gives the owner the exclusive right to "vend" articles, that was not the same as a right to "keep up the price."

That, the court held, was not granted by the patent law. Many manufacturers had joined the manufacturer of the nerve tonic in his fight to sustain the contention that his patent gave him a right to sell or use his patented article under any conditions as to resale price he might see fit to impose. All decisions in the lower courts with the exception of one have been in favor of the manufacturers.

Under the cloak of the legal monopoly granted by the patent laws, many industries, it is contended, control the price of patented articles to the ultimate consumer. The department of justice has contended that once a patentee sells his patented article he loses all control of it, and is powerless, especially in view of the Sherman anti-trust law, to establish resale prices.

Several anti-trust suits now in the courts are based upon this principle, and the department of justice has been eagerly awaiting a determination of the question before starting more prosecutions on the same theory. It is said that the right to establish resale prices is being claimed by an almost unlimited number of companies which are now expected to avoid attack by the government.

JAIL FOR WILSON THREATS

Jersey Woodchoppers Sentenced For Attacking President by Letter.

Newark, N. J., May 27.—Jacob Dunn and Seelye Davenport, the Wharton, N. J., woodchoppers, who sent threatening letters to President Wilson before he assumed office, were sentenced to the Trenton state prison, Dunn for five years and Davenport for two.

Both men were found guilty on four counts, but in the case of Davenport the federal jury recommended mercy. The letters, mailed in May and November of last year, demanded first \$1000 and then \$5000, under penalty of death.

The mountaineers were convicted also of sending similar letters to Theodore F. King, postmaster at Ledgewood, N. J., and to a manufacturer of Dover, N. J., now dead.

MIKADO GIVES AUDIENCE

His Condition Favorable Enough to See State Officials.

Tokio, Japan, May 27.—The condition of Emperor Yoshihito was so favorable that he received several state officials in audience.

The bulletin issued by the attending physicians will probably be suspended in view of his steady improvement.

The Empress Sadako has fallen ill from a cold contracted during her long vigil at her husband's bedside. Her illness is not critical.

Smallpox in Stockton, N. J.

Trenton, N. J., May 27.—The state board of health began to investigate an outbreak of smallpox in the borough of Stockton, Hunterdon county. Dr. L. C. Williams, of Lambertville, reported to the state board of health that he had found one case of smallpox in the borough.

Newest Citizen Faints.

Norristown, Pa., May 27.—Jacob Hudak, of Lansdale, was so overjoyed upon being accepted as a citizen in the naturalization court that he fainted. He was carried from the court room by his two vouchers.

WILSON WARNS AGAINST LOBBY

Are Sending Out Misinformation About Tariff.

HOPE TO MISLEAD PUBLIC

Declares in Statement People Should Know the Pressure Being Brought to Bear on Congress.

Washington, May 27.—President Wilson has been astonished by the army of lobbyists here because of the tariff bill.

He believes the country does not understand fully the fact that Washington was never so filled with lobbyists as today, each one pulling and hauling to get this or that schedule changed.

President Wilson talked about the situation with newspaper men, and later issued the following statement: "I think that the public ought to know the extraordinary exertions being made by the lobby in Washington to gain recognition for certain alterations of the tariff bill. Washington has seldom seen so numerous, so industrious, or so insidious a lobby. The newspapers are being filled with paid advertisements calculated to mislead the judgment of public men not only, but also the public opinion of the country itself. There is every evidence that money without limit is being spent to sustain this lobby, and to create an appearance of a pressure of public opinion antagonistic to some of the chief items of the tariff bill."

"It is of serious interest to the country that the people at large should have no lobby and be voiceless in these matters, while great bodies of astute men seek to create an artificial opinion and to overcome the interests of the public for their private profit. It is thoroughly worth the while of the people of this country to take knowledge of this matter. Only public opinion can check and destroy it."

"The government in all its branches ought to be relieved from this intolerable burden and this constant interruption to the calm progress of debate. I know that in this I am speaking for the members of the two houses, who would rejoice as much as I would, to be released from this unbearable situation."

The lobbyist army is composed principally of representatives of the sugar and wool industries, the president is advised, though many other industries are represented.

President Wilson thinks most men in congress are aware of the situation, and are on their guard against misinformation. He is sanguine, therefore, the house bill substantially will pass. Public opinion will help also.

Old-timers in Washington do not agree entirely with the president that the capital is so exceptionally full of lobbyists. There was an army of them when the Payne bill was in preparation, and at various times before, particularly when the question of government regulation of railroad rates was up, about eight years ago.

Senator Simmons, chairman of the finance committee, said:

"I do not know whether these men are lobbyists, or real representatives of industries. But I do know they are making a tremendous effort to create public sentiment against certain important features of the Underwood bill. You can say for me, however, that they are not making much headway."

NINE KILLED BY TRAIN

Four Other Workmen Badly Injured at Doe Gully, W. Va.

Martinsburg, W. Va., May 27.—A gang of laborers employed by contractors on the Magnolia improvement works of the Baltimore & Ohio railroad were struck by an eastbound passenger train at Doe Gully, W. Va.

Nine of the workmen were killed and four others badly injured. The injured men were brought to the hospital here.

The laborers, all said to be Italians, were running from a blast and at the same time dodging a westbound freight when the passenger train dashed around a curve upon them.

THREE BURNED TO DEATH

Woman Pours Oil on Fire and Perishes With Two Children.

Parkersburg, W. Va., May 27.—Mrs. James Marshall, her sixteen-year-old son James and her daughter Ivy were burned to death and three other children of the family were severely burned at their home at Little Hocking, O., near here.

Mrs. Marshall was kindling a fire with the aid of kerosene, when she can, which she held in her hand, exploded. The house was destroyed by the resulting fire.

Smallpox in Stockton, N. J.

Trenton, N. J., May 27.—The state board of health began to investigate an outbreak of smallpox in the borough of Stockton, Hunterdon county. Dr. L. C. Williams, of Lambertville, reported to the state board of health that he had found one case of smallpox in the borough.

Newest Citizen Faints.

NEWS FROM THE TOWNS NEARBY

What our Neighboring Towns are Doing. Improvements and Items of Interest from the Cumberland Valley and Elsewhere.

The senior class of the Waynesboro high school, departing from usual customs, presented a play instead of the traditional class day program, in the high school auditorium, and gave a production that was delightful throughout. "At the End of the Rainbow" was the comedy chosen for the occasion.

The May dance given by the Mont Alto state forest academy students, in the academy's gymnasium proved to be a very elaborate function. The gymnasium was artistically decorated in laurel, rhododendron, pines and Japanese lanterns and presented a most attractive appearance. The music was furnished by Wallower's orchestra, which occupied a position at one end of the room, behind banks of laurel and pine.

The automobile of Auditor General A. W. Powell went whizzing through Chambersburg, May 20, at a speed of 35 miles an hour. The number of the machine was taken, the name of the owner was procured and now the auditor general will pay \$14.50 or go before a Chambersburg magistrate for a hearing.

C. E. Marks, an inventor, of Norfolk, Va., is in York and is building a three-wheel vehicle to be propelled by hand and foot power, which he claims will revolutionize the present day mode of travel. The first of the new type vehicle is being built at the plant of Henry, Millard & Henry, machinists, and is fast nearing completion. Mr. Marks has secured a patent on the invention and it is his intention to engage in the manufacture of the vehicle in York. He is also the patentee of a number of other inventions.

A number of distinguished physicians are expected to speak at the Free Baby Saving Show to be held in Chambersburg June 12th-18th inclusive. A committee from the Franklin County Medical Society has been appointed to select speakers from local physicians.

John Alexander, Harrisburg, one of the negroes charged with robbing a number of Frederick houses, and who narrowly escaped violence at the hands of a mob, is said to have confessed that he had taken part in several of the burglaries. He implicated a white man named John Brown, York. He said he and Hurd located the houses to be robbed, and while they watched on the outside Brown entered.

Herbert Kennel and John Cashman, two minors were taken before Magistrate John A. Potter, of Waynesboro, for smoking cigarettes. When before the magistrate the minors showed that the cigarettes they were smoking were entirely of tobacco and that they had wrapped white paper around them. This they did on the advice of a local cigar dealer, as a joke, they said. The boys were dismissed.

Effective March 16th, 1913.

THE YOUNGSTER'S FUTURE CALLING

What Was Indicated When the Baby Reached Out.

Samuel A. Thompson, secretary of the rivers and harbors congress, while lecturing before the Fruit and Produce Exchange told the following:

"Among a certain people," he said, "it used to be the custom to test the future of a baby by placing before him a coin, a Bible, a piece of cloth and several other articles. The article which the baby grabbed was supposed to indicate its future calling. Thus if it grabbed the Bible he would be a preacher, if the money he would be a business man, if the cloth a tailor, etc."

"Once when a proud father was trying out this test the baby snatched the Bible in one hand, the coin in the other, the piece of cloth in his teeth and began to try to gather in all the rest with his arms."

"Mein Gott!" cried the man. "He grabs everything in sight. He's going to be a railroad man!"—Boston Traveller.

A Close Bargain.

It is always amusing to those not "seen" when a fellow member of congress is "touched" by a constituent. Not long ago Representative Dixon of Indiana told at length how a man had succeeded in getting \$10 from him.

"The old fellow said that he was proud to meet me because I was a distinguished son of a distinguished father. He said that my father was one of the most brilliant men he had met."

Senator Kern remarked to Mr. Dixon that he thought the compliment about his father well worth the ten spot.

"Five," said Dixon skeptically. "For ten he should have thrown in my grandfather."

Medical advertising PUTS KIDNEYS IN FINE SHAPE

People's Drug Store Guarantees
Thompson's Barosma for All Kidney,
Liver and Bladder Ailments.

If you have Bright's disease, sciatica, rheumatism, lumbago, backache, dropsy, dizziness or palpitation, don't worry. One 50c bottle of Thompson's Barosma will prove to you that it is the best medicine on earth to drive poisonous secretions, including uric acid, from the kidneys.

It's a purely vegetable remedy, is Barosma, and contains no harmful drugs. It's a liquid preparation, assimilates immediately and acts on kidneys at once. As a kidney remedy, its equal has yet to be compounded, while for female ailments and for children unable to control the bladder during sleep, it has a remarkable record of cures. 50c and \$1 a bottle.

Where constipation is present, be sure and ALSO use Thompson's Dandelion and Mandrake Pills. They are purely vegetable. 25 cents.

NOTICE In the Orphans Court of Adams County, Pa.

To Jacob Arbogast, husband, Mary Roland, Laura Harbold, George Arbogast, and William Arbogast, children of Agnes Arbogast late of Adams County, Pa., deceased, to Catherine Wiernia, (nee Stock), and to all other persons interested in the estate of William Stock, Sr., late of Mt. Pleasant Township, Adams County, Penna., deceased:

Notice is hereby given that on the 16th day of May 1913, Levi Stock of Mt. Pleasant Township, Adams County, presented his petition to the said Court, setting forth that he is the owner in fee of a certain tract of land situate in Mt. Pleasant Township, Adams County, Penna., along the public road leading to Hanover, adjoining lands of George Y. Henner, James Timmins, Frank Gross, W. H. Stock, George Kuhn and others, containing 93 acres and 26 perches, neat measure, together with improvements thereon. That the above mentioned real estate is the same tract of land which William Stock, Sr., in and by his last Will and Testament in writing, duly probated on the 23rd day of February, 1865, and recorded in Will Book "G" page 85, devised unto the said Levi Stock, subject to the following charge:

"I order and direct that the sum of \$700 to be paid out of the same message of land, tenements and hereditaments unto my daughters Catherine and Agnes or their heirs, in the following manner:

"\$350.00 to be paid to Agnes one year after my decease, and the remaining \$350.00 to be paid to Catherine one year after the decease of my wife Elizabeth."

The petitioner further represents that he paid to the said Agnes Arbogast (nee Stock) and Catherine Wiernia (nee Stock), the full amount of the legacies charged as aforesaid upon the said real estate, but that the said legacies failed and neglected to deliver to said petitioner a proper release of the monies so paid by your petitioner and received by them as aforesaid.

That no assignments, release or satisfaction of said charge or incumbrance above cited, appears of record in the County of Adams, and no payment of principal or interest has been claimed by said parties nor made by your petitioner within the period of forty-seven years last past on account of said charge or incumbrance; and praying the said Court that a rule be issued to the said legatees, their heirs and legal representatives, and to all other persons interested, to show cause, if any, why decree should not be granted and satisfaction of said charge or incumbrance should not be entered upon the record thereof, as within prayed. Rule Returnable June 16th 1913, at 10:30 a. m.

G. R. THOMPSON,
Sheriff of Adams County, Penna.
William Henner, Esq.,
Attorney for petitioner.
May 19th, 1913.

THE SAFEST WAY OF INBREEDING CATTLE

There are many vague and foolish notions entertained on the subject of inbreeding, says Hoard's Dairyman. Like everything else in this world that is good for anything, it is capable of evil as well as good results. Knives have been used to stab people, ropes to hang them and water to drown them; yet no man of common sense would fall on that account to make a right use of knives, ropes and water. The safest way of inbreeding, so far as our observation goes, is from sire to daughter. There is one rule that should always be watchfully observed:

Never inbreed heifer or cow that shows a lack of constitutional vigor. Keep that idea foremost. Also, with like pertinency, never inbreed to a sire who shows any signs of lacking in constitutional vigor. Now, within those two road fences it is safe and very often advantageous to breed a daughter back to her sire. This should be practiced in breeding grade cows a great deal more than it is done, with close observation of the foregoing rules. It should always be remembered that inbreeding is an intensifier. It intensifies a weakness just the same as it may intensify strength, talent or capacity in any given direction.

Now, suppose we start with a pure bred bull and a herd of cows of mixed breeding. The heifers got by that union inherit 50 per cent of the straight blood of the sire and an equal amount

The Holstein cow is one of the most magnificent creatures on earth. She will give liberally and unflinchingly to the fortunate man who possesses her, but she has the inherent and irrevocable self respect of all naturally created things. She will not give something for nothing or worse than nothing. It is gratifying to her admirers to reflect that the man who starves or otherwise mistreats one of these splendid animals will not profit much thereby. The Holstein cow Meg Hector III, produced in one year 2,108 pounds of milk containing 56.10 pounds of butter fat, not a great record for a Holstein, but vastly greater than the ordinary run of cows.

of the undesirable blood, tendencies and scattered hereditaries of their mothers.

When you come to breed these heifers, if you go outside for a sire, the scrub blood they inherited from their mothers is just as prepotent and often more so than the pure bred blood of their sire. But breed them back to their sire—if he is a good one—and the heifers from that union will contain 75 per cent of the blood of the sire. In other words, they are three-quarters inbred. This inbreeding makes them answer back in all subsequent breeding a great deal stronger than if they were bred from another sire even if in the same line.

We should so breed our cattle as to concentrate as far as it is safe the best heredity we can obtain. Starting with the blood of a very desirable bull, the universal practice is to dilute and diffuse that valuable heredity. The consequence is that the valuable qualities of the original bull are very soon so widely scattered as to be of small account. Skillful breeders like Danney with his Stoke Poles herd of Jerseys so managed his intense inbreeding as to increase size and strength of constitution. It can be done if sufficient care is had at every step in the way to build on constitutional vigor. With-out that our cattle are failures anyway.

Pasture For Live Stock.

There is nothing that is quite so palatable for any class of farm live stock as green pasture. Stock will do better in green pasture and production will remain in better health and condition on green pasture than on anything else. Silage and alfalfa may come the nearest to it and offer the finest substitutes in winter feeding for the grasses of June. Too little attention has been paid to forage crops for winter. The greatest and most popular growth is made by the pigs under 100 pounds weight. After that weight has been attained his growth is slower and more expensive. But in either period of his life nothing helps so much to a proper growth and development as good alfalfa hay in the winter, to which may be added a little silage.

Saving the Young Pigs.

If you have not already built a suitable mill in your farrowing pens or coits it should be done at once. There are two things that will help to save the young pigs perhaps more than any other. These are to give the sow plenty of range before farrowing and to provide a suitable mill in the coit for the little pigs. Another very vitally important matter is to use care in feeding. While the sow needs suitable feed, overfeeding will bring about a feverish condition which will react on the pigs unfavorably if not fatally. Give the sow a thin stop and plenty of fresh water for several days after farrowing and then gradually increase her feed.

Where He Was Struck.

Nat Goodwin at a theatrical supper in New York advised a group of young actresses never to spend too much on Easter hats.

"I'll never forget an Easter of the past," he said, "when my wife brought out a huge bandbox and cried:

"'Nat, dear, I want to show you my new hat. Isn't it a dream? Just \$95. How does it strike you?'"

"It strikes me," I gasped, "below the money belt, my love."

PRINCESS LOUISE. Royal Bride in Uniform of the German Army.

BOMB STARTLES FREDERICK RESIDENTS

Is Set Off in Field Near Residential Section.

Frederick, Md., May 27.—Residents of Clark Place, an exclusive residential section adjoining the Maryland School for the Deaf, were thrown into excitement over an explosion, followed by a sheet of flame, which burned vividly for some minutes until it had consumed a quantity of liquid.

The explosion occurred in a field about 300 feet from the nearest residence. The noise awakened many persons, the flames showing the location of the mystery.

An investigation showed that a bomb had been set off. Nearby was a piece of white muslin, 18 by 39 inches on which was printed the words: "Votes for Women." The banner was held to the ground with a stone at each corner.

The bomb was made up of an ordinary glass jar, in which was placed a dry cell battery, packed around with explosives. The position of the battery and clock indicated that it was the work of some one familiar with the adjusting of explosives. Some persons regard the affair as a mere joke, while others take it more seriously.

DANIELS MIXES HIS SOCKS

Appears With Black on One Foot. White on the Other.

Washington, May 27.—Secretary of the Navy Daniels was wined on grape juice and dined last week at Washington, N. C., the place where he was born.

On arriving at the place he had to hurry from the sleeping car at about daylight. Soon his audience noticed that one of his ankles was covered with a black sock and the other with a white one.

In his haste to get off the train Mr. Daniels had slipped them on without noticing the colors and sallied forth.

Martha Washington Letter Brings \$300

New York, May 27.—An autograph letter of Martha Washington, written during the first year of Washington's second term, and mentioning the president and many of her Virginia friends, was sold for \$300 at Anderson's auction rooms.

Wilson May Read New Message.

Washington, May 27.—President Wilson is not sure that he is entirely out of the habit of personally delivering his messages to congress. He may read his currency message to the house, he indicated.

Jungfrau Balks Peary.

Interlaken, Switzerland, May 27.—Admiral Peary, who is staying here started to climb the Jungfrau. He had to abandon the attempt however, owing to the blocking of his way by avalanches.

WEATHER EVERYWHERE.

Observations of United States weather bureaus taken at 8 p. m. yesterday follow:

Temp.	Wind.
Albany..... 60	Clear.
Atlantic City... 56	P. Cloudy.
Boston..... 58	Cloudy.
Buffalo..... 52	Cloudy.
Chicago..... 48	Cloudy.
New Orleans... 76	Clear.
New York..... 58	Cloudy.
Philadelphia... 60	Cloudy.
St. Louis..... 64	P. Cloudy.
Washington.... 68	Rain.

The Weather.

Showers today; probably fair tomorrow; southerly winds.

Strong Backing.

Representative Henry D. Flood has a constituent down in Spottsylvania county, Va., who has long aspired to the position of postmaster at the neighboring crossroads store. His name is Stephen Noah, and when at last his application was presented to Mr. Flood for approval he induced it as follows:

"I take pleasure in supporting Mr. Noah. He floods supported him several thousands years ago."

—New York American.

ARREST PRIZE FIGHT PRINCIPALS

Warrants For All Connected With McCarty Killing.

DIED OF BROKEN NECK

Physicians Who Conducted Autopsy
Declare Heart Failure Did Not Cause
Death.

Calgary, Alberta, May 27.—It developed that eight-ounce gloves, instead of the customary five-ounce gloves, were used by the fighters in Saturday's tragic bout, in which Luther McCarty was killed.

This fact became known when members of the Northwest mounted police seized the gloves as evidence to be presented to the coroner's jury. McCarty and Pelley had agreed to use the lesser weight gloves, and it is said that when the heavier ones were brought into the ring, with the excuse that the five-ounce gloves unintentionally had been left in Calgary, which was five miles away, McCarty's manager objected to their use until McCarty overruled him.

It is generally conceded that the burning of the Burns arena added the only needed blow to put a quicquos on the boxing game in the province of Alberta.

C. R. Mitchell, acting premier of Alberta, said the law which prohibits professional fighting in Alberta, would be rigorously enforced.

He has been approached by men in every walk of life, many of whom attended the bout, urging him to take steps to discontinue boxing in Alberta.

Warrants were issued for the arrest of Tommy Burns, who staged last Saturday's bout in which Arthur Pelley killed McCarty; William McCarney, of Philadelphia, McCarty's manager; Ed Smith, the referee, and several trainers and attendants.

This development followed an order from the attorney general at Edmonton, Alberta, that all principals in arrangements for the fight be arrested, and the Northwest mounted police were instructed to execute the order immediately. It is understood that the men arrested will be charged with complicity in manslaughter.

Arthur Pelley, McCarty's opponent, who was arrested on a charge of manslaughter, was to be given a preliminary hearing in the police court, but owing to the decision of the physical examiners who conducted the autopsy that McCarty's death resulted from dislocation of the neck and not from heart failure, as had first been announced, it was anticipated that the hearing would be adjourned, awaiting the result of the coroner's inquest.

Dr. Mosher, who conducted the autopsy, will lay his findings before Coroner Costello's jury, and it is expected that body will reach an early decision.

The origin of the fire that destroyed the Burns arena, where Saturday night's fight was held, has not been discovered, but the authorities are making every effort to ascertain if it was caused by incendiaries.

When the fire was discovered it had gained such headway that it was impossible to save the building. Four deaths were narrowly averted. Wesley Benson, his wife and two children were asleep in one corner of the building, and they escaped just in time. The building was insured.

LITTLE BLAME FOR WAGES

Causes Downfall In Less Than 12 Percent of Cases of Women.

Chicago, May 27.—Low wages are responsible for not more than 12 per cent of all cases of immorality among girls and women, according to Professor Graham Taylor, head of the Chicago Commons Social Settlement, who was a witness before the O'Hara senate vice and minimum wage commission.

"This commission could do no more valuable work than to recommend the abolition of the bar permit to the public dance hall," said Professor Taylor. "The saloons are closed at 1 o'clock. Then all the bums are turned out to continue their drinking until 3 o'clock in the dance halls. There they come in contact with innocent young girls."

P. C. Jones, president of the United States Broom and Brush company, which employs fifty-three women in its factory, told the commission that he thought \$7.50 a week would be a fair minimum wage for women. He said his women employees averaged from \$5 to \$12 a week.

Won't Die as Walker Did.

Chicago, May 27.—W. L. McCutcheon, an automobile salesman, who took three bichloride of mercury tablets by mistake, and who, the doctors thought, was sentenced to death, received his reprieve. Physicians, after an examination and consultation at the hospital, decided that McCutcheon had eliminated most of the poison from his stomach before it could enter the intestines and that in all probability he would recover.

10,000 Farmers to Pay U. S.

Washington, May 27.—More than 10,000 farmers on reclamation projects of the west will be affected by the supreme court's decision that they must pay to the government the cost of maintaining and operating the various reclamation projects pending their completion.

Good Judgment.

At the dinner table father had just corrected his ten-year-old daughter for eating with her fingers and then wiping them on the front of her dress, which by this time was very soiled. Then he pointed to her little sister, Irene, and said:

"Look at your little sister. She doesn't get her dress soiled as you do when she eats."

"No," said Irene: "my dress is nice and clean in front. I wipe my fingers away down at the bottom of my dress."

MRS. PANKHURST

IS BACK IN JAIL

Is Rearrested Under the Ticket of Leave Law.

London, May 27.—Mrs. Emmeline Pankhurst, leader of the militant suffragettes, was rearrested at Woking and ordered back to the Holloway jail, from which she was released several weeks ago on ticket-of-leave because she had been made ill by a "hunger strike."

Mrs. Pankhurst had been recuperating at the home of Dr. Ethel Smyth at Woking, and was taken in custody as she came from the house. She was taken to the Bow street police court, charged with violating her parole under the "cat and mouse" bill, and re-committed to the Holloway jail to serve the balance of her three year sentence, or such part of it as shall expire before she is again released temporarily.

If Mrs. Pankhurst again goes on a hunger strike she will be kept in jail until her condition becomes precarious, when she will again be turned loose on ticket of leave.

Mrs. Pankhurst is still said to be in a weakened and enfeebled condition from her last jail experience.

HALTS SALE OF LICENSES

Schuykill Court Stops Big Business In Saloon Papers.

Pottsville, Pa., May 27.—The buying and selling of saloon licenses, which has become a big business in this county, was temporarily halted when Judge C. N. Brumm, on application of the Law and Order society, held up all license transfers until a recent decision of the superior court can be examined.

This decision practically requires that no license shall be transferred unless the holder has died or has gone out of business and closed up his saloon for a certain length of time.

Under the caption of "License Transfers" there is a session of the license court in Pottsville practically every Monday, and at the end of the year there is a total of many hundreds of changes. The superior court had decided that this is not legal.

Lock Child Locked In Closet.

Oak Orchard, Del., May 27.—Locked in a closet and fast asleep, four-year-old Alberta Sammons threw the Oak Orchard colony into a panic. After a long search arrangements had been completed for grappling in the river for the child's body when her playmates found her in the Sammons' cotage.

RHEUMATIC Pains Go Swollen Joints Vanish

RHEUMA—Greatest Remedy for Rheumatism, Gout and Sciatica. Only 50 Cents and Money Back from The People's Drug Store If It Doesn't Satisfy.

Thousands of persons during the last year freed themselves from the bondage of rheumatism; rid themselves the torturing pain; reduced the swollen joints; threw away canes and crutches, and from helpless beings became able to work and be of use to themselves and their families.

They took RHEUMA, the modern enemy of Rheumatism, which is also sure to cure Lumbago, Sciatica, Arthritis, Gout, Chronic Neuralgia or Kidney disease.

Don't be skeptical about RHEUMA. You will know in a few hours after beginning the treatment that the poisonous Uric Acid is leaving your system through the natural channels. You will feel better in a day; you will know you are going to be cured in less than a week.

Don't think because RHEUMA is sold for only a bottle that it won't bring you back to health. There is no guess work about it. RHEUMA is better than any remedy at ten times the price. Ask the People's Drug Store.

Itching Eczema

Dries Me Wild!

ZEMO Stops Itching Instantly. Buy a 25c Bottle Today and Prove It. Itching vanishes instantly by using ZEMO. This is absolutely guaranteed. Pain and itching, raw scorching eczema sores, prickly heat, pimples, scalp itching, rash, tetter, blackheads, skin irritation or inflammation stops.

Dandruff is nothing but scalp eczema; watch ZEMO cure it and stop scalp itching. It gives blessed relief to baby's skin troubles.

Don't miss it for 25c. ZEMO is a clean, antiseptic solution, applied on the skin. No ointment or paste.

But three applications of your highly-valued medicine had the desired effect for eczema and awful itching. Sol Landau, c/o Sol Landau Cloak and Suit Co., St. Louis, Mo.

ZEMO is sold in 25c sealed bottles and guaranteed in Gettysburg by Huber's Drug Store.

NOW SOLD IN AMERICA

In Less Than Five Years, Parisian Sage, the Splendid Hair Tonic, is Sold All Over America.

There is a reason for the phenomenal sale of Parisian Sage in the United States during the past three years.

And the reason is plain to all: Parisian Sage does just what it is advertised to do.

Ask People's Drug Store about it, they will tell you that they rigidly guarantee it to cure dandruff, stop falling hair or itching scalp in two weeks or money back.

There is no reason whatever why any man or woman should fail to take advantage of the above generous offer.

But one thing that has made Parisian Sage so famous is its peculiar power to turn harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints.

Sold by druggists everywhere, and by People's Drug Store for 50 cents a large bottle.

CAMP MEALS ARE PLANNED

(Continued from first page)

ber of guests, 5,000. Puffed rice and milk, boiled eggs, bacon, fresh bread, butter, coffee. This will be the last meal to be served.

It will be noticed that this menu differs most decidedly from that which the veterans had who participated in the exercises 50 years ago. The ice cream and cigars are especial variations. The bill of fare is especially interesting as showing the exceedingly careful minuteness with which every detail of the celebration is being worked out by the officers in charge.

AROUND THE CORNER

"Around the Corner" to be Produced at Walter's Wizard.

John F. Walter announces to the people of Gettysburg that he has secured the well known players, Mr. and Mrs. Jack E. Lessig, for three days June 2, 3 and 4 to appear at Walter's Wizard. This duo will present for the first time on any stage their new comedy entitled "Around the Corner." It will be given in all its entirety, just the same as when it will be produced in all the leading vaudeville theatres this coming season. Mr. Lessig in his new little comedy will portray five different characters, making all his changes complete in the remarkably short time of nine seconds. Miss Kathryn Lorraine, (Mrs. Lessig) will be seen in a charming role well adapted to display her beauty and personality. It will be remembered that this young lady is a resident of Hanover and was married to her talented husband when he was filling a summer engagement as stage director and leading man with the Chauncey-Keiffer Stock Company at Hanover Park. Advertisement.

MANY HOLD-UPS

Uses Flash Light and Gun to Intimidate People.

Quite an excitement occurred along the Blue Goose road, leading from Germantown road to Smithsburg, Saturday evening last. Not less than a dozen persons were held up by a man weighing about 125 pounds and carrying a flash light and a revolver. He generally let his victims down easy, by asking them to furnish him with whiskey or beer, but, at last, he ran against a big obstacle, when he demanded of Dr. Wm. Hoppel that he hold up his hands.

No sooner had he made his demand than the doctor had him by his arms and secured both his gun and flash light. In the scuffle the gun discharged, the powder burning the doctor in the face. The party broke loose and ran. A Mr. Jones fired a shot after him, but he disappeared in the darkness.

Everything in Hosiery and Underwear

NOTES FROM MEADOWBROOK FARM

Keep a spray calendar.

Cut out the dead branches.

Chickens relish fresh lettuce.

Select your breed and stick to it.

If you plant pear trees in rich soil you invite blight.

It is worth while to scald the calf's feed pail every day.

A peach tree will stand a heavier heading back than an apple tree.

Do not allow the stock to run in the orchard during the winter months.

Scatter the manure as you haul it, don't put into little piles all over the land.

Be sure the little pigs have a nice dry place to stretch out in the warm sun.

Milk fever might often be prevented by a little attention to the cow before milking.

Remember that your orchard, especially the young trees, needs good cultivation.

The three important elements of plant food are nitrogen, phosphorus and potassium.

Alfalfa is the most wonderful of all cultivated plants, and the oldest one known to history.

There is no germ slayer better than an ounce of carbolic acid added to a pail of whitewash.

During the winter the dairy farmer has more time to figure out his plans for improving his system of farming. The great question should be to get a better and more profitable lot of cows.

Sixty per cent. of all horses that go unsound, go wrong in the hock joints, according to the notes taken by one breeder. Too much attention cannot be given the hocks in choosing stallions to which the mares are to be mated.

Fill the producing cows up on clover hay or alfalfa hay if you can get it instead of fodder or other coarse stuff containing low feed values.

Hogs do not waste corn in the field except in muddy weather. They gain faster, more evenly and more economically in the corn field than in the dry lot.

Good bright corn fodder is worth more for dairy cows than pure timothy hay but both should be fed along with clover or alfalfa to get the best results.

Hogs do not waste corn in the field except in muddy weather. They gain faster, more evenly and more economically in the corn field than in the dry lot.

Good bright corn fodder is worth more for dairy cows than pure timothy hay but both should be fed along with clover or alfalfa to get the best results.

At the Iowa station corn and soy beans hogged down produced 15.7 pounds of pork per bushel of corn. At 8 1/2 cents per pound that is \$1.23 per bushel for the corn.

Working the soil when it is wet will make it coarse and lumpy the whole season.

Currant bushes must also be watched carefully, and be thoroughly sprayed at least twice or you will find more green worms on your bushes than fruit.

A vessel which would hold 1,000 pounds of water would hold 1,082 pounds of whole milk, 1,088 pounds of skim milk, or 1,000 pounds of good cream.

Rub the cow's udder with a damp cloth before milking. We would discharge a milkster whom we caught wetting the teats with milk drawn into the hand.

House Plans Important.
The care of food in the home and all other forms of household work are greatly facilitated by right planning and then the use of suitable materials for the construction and furnishing of the home. An adequate and convenient water supply and other conveniences are essential, not only for comfort and for saving labor, but also from the standpoint of home hygiene.

NOTICE

The ordinance prohibiting the placing of sweepings, paper, etc., on the streets of the Borough of Gettysburg will be strictly enforced.

NEW TALES THAT ARE TOLD

Cherished Mementos.

Senator Clapp at a dinner in Washington chuckled over the appearance before his committee of Colonel Roosevelt.

"The colonel," he said, "certainly got back at everybody. He reminded me of the Irishman."

"A friend of mine, traveling in Ireland, stopped for a drink of milk at a white cottage with a thatched roof and as he sipped his refreshment he

"BUT THE ROSE" SAID MY FRIEND.

noted on a center table under a glass dome a brick with a faded red rose upon the top of it.

"Why do you cherish in this way," my friend said to his host, "that common brick and that dead rose?"

"Sure, sir," was the reply, "there's certain memories attachin' to them. Do ye see this big dent in my head? Well, it was made by that brick."

"But the rose?" said my friend.

"The rose is off the grave of the man that threw the brick."

Cause of the Delayed Action.
James C. McReynolds, now attorney general in President Wilson's cabinet, said not long ago that just after he started practicing law in a small town down in Tennessee, a few years ago, a stout hillman came into his office one day and announced that he desired to sue a neighbor for \$10,000 damages.

"Two years ago," he stated, "he called me a hippopotamus."

"Two years ago," echoed McReynolds, "why didn't you sue him sooner?"

"Well, suh," said the injured party, "until that circus come through here last week I thought all the time he was paying me a compliment."

Saturday Evening Post.

An Appropriate Hymn.
The worshippers in an English chapel had some trouble to keep their faces straight a short time ago. During the service some commotion was caused by a gentleman who accidentally ignited a box of wax matches in his

"THERE IS A LITTLE NOISE GOING ON."

pocket and was trying to put them out, while his alarmed neighbors struggled equally hard to help him.

The minister, being short-sighted, could not make out the reason of the disturbance, and, thinking to diplomatically cover the incident, he innocently said:

"Brethren, there is a little noise going on. Until it is over let us sing Sometimes a Light Surprises."

The pretty well fixed notion that flax is hard on the soil is not borne out by modern agricultural science or experience. The bad reputation which flax seems to have acquired is not chargeable to any effect the flax itself had, but to a fungus (wilt) disease coming from the flax which affected following crops. It has been found that when precautions are taken to prevent these plant diseases crops following flax do well, especially wheat and corn.

The craving which many folks have for greens in the spring is a very natural and wholesome one and should be satisfied when possible, as the greens, including dandelions, mustard, beets, and the like, contain iron and other salts that form an excellent tonic. The writer doesn't know of any more appetizing form in which medicine may be taken than in the shape of greens cooked with a nice hock of ham or chunk of salt pork.

MOTOR TRANSPORTATION BUILDING, PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

THE Motor Transportation building at the Panama-Pacific International Exposition will be one of the largest of the exposition palaces, approximately 275 feet front by 800 feet deep and covering more than five acres. The theme of the architecture will be emblematic of the triumph of modern transportation, the automobile. Groups of statuary will typify the triumph of the motor over the elements. The main group will typify the conqueror over the land. Other groups of statuary will convey allegorically the victory of the motorboat over the sea and of the aeroplane over the air. On either side of the entire length of the building there will be a frieze ten feet high in bas-relief giving the history of transportation from the early log cart up to the most modern automobile. The dome which surmounts the center of the front portion of the building will be 180 feet high.

NOBEL PRIZES.

Works That Win Them and the Way the Awards Are Made.

The Swedish scientist Alfred B. Nobel, the inventor of dynamite, died in 1896, bequeathing his fortune, estimated at \$9,000,000, to the founding of a fund the interest of which should yearly be distributed to those who had mostly contributed to "the good of humanity." The interest is divided in five equal shares, given away:

"One to the person who in the domain of physics has made the most important discovery or invention, one to the person who has made the most important chemical discovery or invention, one to the person who has made the most important discovery in the domain of medicine or physiology, one to the person who in literature has provided the most excellent work of an idealistic tendency and one to the person who has worked most or best for the fraternization of nations and the abolition or reduction of standing armies and the calling in and propagating of peace congresses."

The prizes for physics and chemistry are awarded by the Swedish Academy of Science, that for physiological or medical work by the Carline Institute (the faculty of medicine in Stockholm), that for literature by the Swedish Academy in Stockholm, and the peace prize is awarded by a

committee of five persons elected by the Norwegian storting.

In accordance with these statutes the awarders of the prizes (the four above named institutions) elect fifteen deputies for two consecutive years, the Academy of Science electing six and the other prize awarders three each. These deputies elect for two consecutive years four members of the board of directors of the Nobel Institute, which board, exclusively consisting of Swedes, must reside in Stockholm. A fifth member, the president of the board, is nominated by the government.

The board of directors has in its care the funds of the institution and hands yearly over to the awarders of the prizes the amount to be given away. The value of each prize is on an average \$40,000. The distribution of the prizes takes place every year on Dec. 10, the anniversary of Mr. Nobel's death.—Philadelphia Press.

Lousy poultry or stock is almost always in an unthrifty condition, hence a condition that does not mean the largest measure of profit to the owner. Both lice and mites are parasites that sap the vitality of the animals or fowls on which they live, thus consuming that supply of nourishment which would otherwise be used in the production of flesh, milk or eggs.

Our "Schloss-Baltimore" Suits Are All Winners

You're going to be "out of it" this Summer if you're not in a Norfolk Suit at least part of the time.

The Norfolk is more than a style for sports and out door uses—it's correct now for business, and becoming more popular every day.

Here's the place for Norfolks,—good ones, many variations in styles, some very extreme; others quite conservative. A big range of weaves, colors and patterns; new Scotchies, new Blues, Greys, Browns and Mixtures. See them.

"Schloss-Baltimore" made best you can buy.

If it's the style, you'll find it at Lestz's

O. H. Lestz,

Corner Square and Carlisle Street.

We Give "S & H" GREEN TRADING STAMPS.

Potatoes Wanted

Will pay 60 cents per bushel for good potatoes delivered to Biglerville, until next Tuesday.

AULD FOOLS' GAMBOL.

The Custom From Which All Fools Day Takes Its Name.

Most people call April 1 all fools' day, whereas it should be auld—i. e., old fools' day. The appellation probably takes its origin from the following superstition:

In druidical times, between 10 and 12 o'clock on the night of April 1, it was customary for all those young women who dared to venture into a sacred grove and to take their stand one behind the other.

At the heading of an owl they commenced slowly running round and round, to the accompaniment of such words as these:

Ban-man, ban-man,
From berg, back and leys.
Leap high, leap low,
Come and run with me.

Thereupon, side by side with those of the girls destined to be married within the coming year, the phantom of a ban, or white man, appeared, and if any of the girls were going to die within the year a black man was seen. Once while this ceremony was in progress the spirit of a very old

fring while man put in an appearance and exhibited such emphatic attention to the girl he ran with that the other performers were much amused.

The object of their amusement was subsequently clarified to such an extent by every one in the village that she fled from the neighborhood, marrying before the year was out a strange chieftain old enough to be her grand father.

After this event the ceremony was ironically styled the "auld fools' gambol."—London Answers

Dead Sea Stillness.

The Dead sea is a vast lake about nine hours' ride from Jerusalem. The waters of the lake, save for an almost imperceptible ripple, are quite still and tolerably transparent, but salt and "bitter beyond bitterness" and so buoyant that one can float upon them like a cork, and to swim it is only necessary to move the hands. The surrounding scenery is dreary in the extreme and in parts singularly grand. But the stillness is oppressive and depressing, for there is no sound of animal life or song of bird ever heard in the lonely shores of the stupor lake.
